

March 30, 2026

Dear Andi Ausrotas:

The IAAP WAS program aspires to the following goals for web accessibility specialists:

- To define an intermediate level of knowledge and expertise an intermediate web accessibility specialist is expected to know.
- To increase the quality and consistency of the work performed by web accessibility specialists.
- To provide web accessibility specialists with a credential as evidence of their contextual and programmatic knowledge in the field of web accessibility field.
- To provide employers, the web accessibility community, and the public with a metric to measure and assess the competency of web accessibility specialists who are current and/or prospective employees.
- To provide colleges, universities, and vocational programs with clear educational outcomes and a curriculum outline for teaching web accessibility.
- To strengthen the community of practice among web accessibility specialists.

On behalf of the IAAP Certification Committee, I congratulate you on your achievement. We look forward to working with you in the coming years.

Sincerely,

Samantha Evans
